

HOW TO ASSEMBLE A STAINLESS STEEL TABLE

PARTS LIST

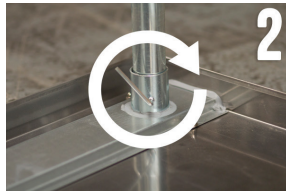

- (1) Table Top
- (1) Under Shelf
- (4) Legs
- (1) Hex Key
- (8) Hex Screws
(Attached to table top and undershelf)

INSERT LEGS

1
Flip table top on its back. Insert 4 legs into holes (gussets).

TIGHTEN LEGS

2
Use hex key to hand-tighten hex screws on each leg. Turn clockwise to tighten.

ADD UNDERSHELF

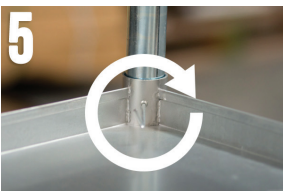

3
Get help from a friend or place a cardboard box on your table. Add undershelf face down onto the legs.

ADJUST UNDERSHELF

4
Place undershelf 3 to 5 inches from bullet feet.

TIGHTEN UNDERSHELF

5
Hand-tighten with hex key on each side. Measure each side to ensure evenness.

ADJUST TABLE HEIGHT

6
Turn bullet feet clockwise to shorten.

ADJUST TABLE HEIGHT

7
Turn bullet feet counter-clockwise to extend.

YOU'RE ALL DONE!

8
Congrats!
